Upland Population Shows Two-Year Gain Of 2,682

Montclair, Chino and Upland continue to be the fastest growing cities in San Bernardino County according to the latest estimates by the County Planning Commission.

Montclair was credited with an increase of 25.5 per cent increase over its population as of the Federal census April 1, 1960.

Upland was pegged at 16.8 per cent greater than its April, 1960, population.

Chino came in between with 18.4 per cent. The county as a whole grew 5.9 per cent, according to the County Planning Commission's estimate as of two years since the April 1, 1960, federal census.

Following are the incorporated cities of the county and their population according to the federal census and current estimate, plus percentage growth in the two full years.

City	April 1960	April 1962	% Gain
Montclair	13,546	17,000	25.5
Chino	10,305	12,200	18.4
Upland	15,918	18,600	16.8
Etiwanda	787	1,090	38.5
Alta Loma	1,821	1,880	3.2
Cucamonga	7,528	7,760	2.3
Barstow	11,644	13,000	11.6
Ontario	46,617	50,400	8.8
Rialto	18,567	19,800	6.6
Fontana	14,659	15,350	4.7
Needles	4,590	4,800	4.6
San B'dino	91,922	94,800	3.1
Colton	18,666	19,200	2.9
Redlands	26,829	27,000	.6

The cities in this end of the county also accounted for some of the larger gains in numbers of residents as well as percentage figures, according to the County agency.

Leaders in population gains are:

Ontario	3,783
Montclair	3,454
San B'dino	2,878
Upland	2,682
Chino	1,885

The entire county is estimated to have grown by 29,809 people. The incorporated cities accounted for 18,887 while the unincorporated area accounted for 10,922.

Percentage wise, the county grew 5.9 as a whole, while the incorporated cities total was up 6.9 per cent and the unincorporated up 4.7.

New Approach

Beginning with the April edition of the County Planning Commission's bulletin, the planning Department assumed "a more conservative approach in estimating the population." Figures were rounded off, and the bulletin says, "We believe these figures are as reliable as such estimations can be when based on averages."

The bulletin also says that there are fewer vacant dwelling units in 1962 than in 1960, according to a sampling of 50 census tabulation areas selected at random in the valley portion of the county (San Bernardino west to the Los Angeles County line).

As of April, 1962, the vacancy factor was 6.6, according to the county department, indicating 'available vacant housing had been reduced by slightly more than 40 per cent.

"As a result of this recheck," the department's bulletin says, "it was decided to apply average vacancy and occupancy factors to the 88 census tracts in the valley. This accounts for the rounded totals."

Upland Building Permits Issued

On May 1, the Upland Building Department issued a permit to the San Antonio Community Hospital, 999 San Bernardino Rd., to add 39,796 sq. ft. and to do remodeling. The total valuation of the work is $3,123,000.

Jack Magro, 1635 N. Euclid Ave., Upland, was issued a permit for $219,000 to build a 30 unit apartment building with 30 carports at 270 and 280 Amber Ct.

Other permits issued include the following:

April 25, Morris Fisher, 189 S. 13th Ave., $19,300, 2250 sq. ft. in three apartments, 600 sq. ft. in a garage and carports.

April 25, T. P. Brown, 1216

To Honor Skousen At Luncheon

Cleon Skousen, noted author and anti-communist leader, will be guest of honor Friday, May 11, at a luncheon sponsored by Congressional candidate Woodrow Miller.

Skousen, whose book, "The Naked Communist," is a best seller in its field, will deliver a major address the following day at a Freedom Forum rally at Chaffey College.

The luncheon Friday will be held at the Stuft Shirt restaurant in Upland. After the affair, Skousen will participate in ribbon-cutting ceremonies at the Miller for Congress headquarters in Ontario. He will also appear at the Miller headquarters in San Bernardino later that day.

Miller and Skousen, who were classmates in college, are associates of long standing. Skousen is a former FBI agent and police chief who is now devoting his energy to anti-communist education.

He has been a frequent visitor to San Bernardino Valley, where several members of his family reside.

HS District Revenue Loss At $130,882

Chaffey High School District Trustees heard a report at the Monday meeting that the total loss of revenue to the district for the present school year now amounts to $130,882 because of legislative action.

Assistant Superintendent Edwin Hunt explained that $12,193 of this amount is due to a reduction in the driving training apportionment.

A letter received from the County Superintendent of Schools stated that Chaffey District "should consider a possible loss in income" of this amount. The letter said that "the amounts deposited to the Driver Training Fund were less than anticipated and may not be sufficient to reimburse school districts even for the reduced amounts certified originally."

"We should keep in mind," Hunt told the board, "that this $130,000 plus loss represents 9c on the tax rate."

Convention Report

Trustee A. Richard Allred reported to the board on the recent National School Boards Association Convention attended in St. Louis.

"One thing I learned", Allred said, "is that Drivers Training is just as important as personal hygiene. They're both a matter of life and death."

Allred said many discus-

Ray Robbins, Band Leader To Present 'Boosters' Awards

The famed "Ray Robbins", popular dance band leader and capital recording star, will highlight the annual

Ray Robbins

awards dinner banquet for the Upland High School Band and Drill Team to be held in the Highlanders School Cafeteria at 6:30 p.m. Tuesday, May 15.

The Band and Drill team members, in honoring Mr. Robbins, will be honoring themselves, for in the professional field of entertainment, he is a man so deserving of this recognition.

His most recent appearance was a request performance on behalf of the Test Pilots of America held at the Beverly Hilton Hotel before 1500 guests, honoring the astronaut, Alan Shepherd.

A master of the trumpet and outstanding in his profession, Ray has been asked to repeat his talent in the near future for atsronaut, John Glenn at a similar program honoring these exceptional Test Pilots of America.

For the past seven years, Ray has been Lawrence Welk's alternate Band at the Aragon Ballroom.

Due to his pressing schedule, Mr. Robbins will be present briefly to present the awards personally to the youth who have worked to gain these merits.

Professional newscaster, John Quimby, from KCHV-TV in San Bernardino will be master of ceremonies for a program that will include local talent, according to Mrs. James Mertz, Band Boosters President.

Six Teachers Employed By District

Upland School District Trustees Tuesday night approved the employment of six new teachers for the 1962-63 school year and accepted the resignations of three teachers and a custodian.

Offered contracts at the May 8 meeting were: Morris Smilkstein, to teach 5th grade at Baidy View; Hayward H. Gray, Science teacher for Upland Junior High; Ralph L. Secinaro, 6th grade at Sierra Vista; Loyd Roland, mathematics teacher for Pioneer Junior High; Richard J. Wilcoxon, 5th grade at Sierra Vista; and Mrs. Carol Thompson, to teach instrumental music one-third time at Upland Elementary and Baldy View.

Resignations accepted included: William Rickard and Richard A. Neel, both teaching at Upland Junior High; Robert W. Burns, teaching at both Upland Junior High and Pioneer; and William Johnson, Upland Elementary custodian.

Another teacher, Valerie Longfellow, was reinstated for the 1962-63 school year after

Clinics Set For Oral Polio Immunization

The mass Sabin Oral Polio Vaccine Immunization Program is scheduled for Saturday and Sunday, May 12 and 13, for the Type I vaccine. The clinic hours both days will be from 11 a.m. to 7 p.m.

Area clinics will be held at the Alta Loma School, 7085 Amethyst; Cucamonga Elementary School, 8677 Archibald; Sierra Vista School, 253 E. 14th; and Upland Junior High, 444 E. 11th.

The vaccine, administered to infants by a dropper and to children and adults on a cube of sugar, will be given at 51 clinic sites throughout the county as part of a county-wide effort to reduce the threat of polio. A charge of 25 cents will be made to cover the cost of the vaccine and to provide it for those unable to pay.

"We are definitely urging that everyone take advantage of the Sabin Oral Polio Vaccine Immunization program being offered throughout the county," Roy C. Hill, superintendent of county schools, said.

"Because it is a state law now that every child be immunized to polio before he or she can enter school in the fall, this program is wonderful for two reasons:

"First and foremost, it not only protects everyone from polio, but it keeps those taking the vaccine from being carriers of the disease.

"Secondly, it is easy to take. There are no needles, no pain. It is tasteless and administered on a cube of sugar.

"Even though Salk vaccine offers protection, medical authorities recommend that those who have had Salk, take advantage of the Sabin Oral Program," Hill concluded.

Upland Mayor Abner Haldeman said that he believes the program is very worthwhile.

"Certainly," the Mayor said, "the people will want to avail themselves of this Oral Polio Immunization program on this Mother's Day weekend, so that all families can live together happier, and certainly more safe from this dreaded disease, in our fair City of Upland."

Persons visiting the clinics may aid by listing on a piece of paper the names and ages of all who appear in the family at the same time for the immunization along with the household address. This will expedite registration.

Bulletin

In a meeting of the So. Cal. Farmers Ass'n membership Wednesday, May 9, the merger proposal of the San Gabriel Valley Labor Ass'n was accepted in its entirety. A joint meeting of both groups was to have been held Wednesday afternoon to reach final agreement on using the Cucamonga camp and abandon the proposed Upland site.

First Election Procedure Change In 25 Years –

The Board of Directors of the Upland Chamber of Commerce made plans Tuesday morning for the first reorganization of elections in 25 years.

At the regular monthly board meeting, held for the first time in the Chamber's new quarters, the directors also decided to review the by-laws and establish proper functioning committees for more efficient operation of the rapidly growing organization.

The step was initiated by Director Bob Baumann who presented a suggested organizational chart and six suggested committees with proposals to:

(1) appoint the three immediate past presidents of the Chamber to serve in an advisory capacity effective at once, each to serve three years in this status. Each year the oldest drops out, being replaced by the out-going president. The 'advisory' group to have not voting power.

(2) to establish 12 posts as co-chairman, acting as assistants to each board member, with no voting power. A board member to act as chairman of functioning committees such as: Industrial Development, Membership, Educational, Civic Affairs, Publicity and Finance.

Taken From U.S. C of C

Baumann said the new organizational setup was worked up by Chamber member Robert Flinn and himself, and he believed it was necessary to put into effect immediately. The suggested organization of committees was taken from material issued by the United States Chamber of Commerce.

"The first committee to be appointed," Baumann suggested, "is the nominating committee for the approaching election. We have not been conforming to the by-laws."

In response to a question from Chamber President Russ Hazen, secretary Lillian Hilde remarked that "elections have been held this way since 1937" although the by-laws had never been changed.

For the past 25 years, a nominating committee has not been used and the membership picked their choices from the general membership list.

Revision Needed

Hazen agreed with Baumann that a revision of the method of electing officers was needed, but, "this is the wrong way to do it," he said.

Baumann's motion to establish the new system of organization as he presented it to the board was voted down in preference to a referral motion by Dwight Bert to appoint a committee and bring recommendations to the board.

Hazen appointed Baumann to head a committee to review the organization's by-laws and make recommendations at the next meeting on how to proceed.

Appointed to serve with Baumann were Robert Flinn, and directors Richard Hield and Fred Mack. Hazen said he would work with the group.

"We should go according to the by-laws for the coming election," Hazen said, "as well as make the necessary revisions if they are needed."

New Office

The Chamber's new office at 156 E. 'D' St., is presently being rented for $75 per month for the first three months and then $100 per month on a lease basis, though not worked out yet.

The directors are considering a remodeling of the office to include a reception room, secretary's office, an office for an eventual Chamber manager, a board meeting room, and storage room.

When decided, the remodeling will be done by W.F. Rugg if the lease is approved by the Chamber.

Other Action

In other action Tuesday morning, Hazen was to appoint three board members to act as a nominating committee for a June election.

Directors decided not to renew membership in the San Bernardino County Better Business Bureau.

The board approved to return a $50 assessment of each Board member which was used for funds for the past Opportunity Preview Day when the funds are available.

Junior Class Play Features Spook Story

Ghosts will float around the set, and a spooky story will be told as Upland High School's junior class presents its play, "The Ghost of Rhodes Manor," on Friday and Saturday, May 11 and 12.

The play will be presented in the Montclair High School auditorium with the curtain going up at 8:15 each night.

Mrs. Viona Ramsey, drama instructor and coach, described the cast thus: Janet Trostle portrays a writer of mystery stories; Lupe Laidlaw, her secretary; Lila Anderson, a jittery Swedish maid; Jean Alderfer, a little old lady; Kathy Langsford, a hypnotist; Delcie Dastrup, a female Irish sheriff; Millie Voss and Sherry Bemish, women of mystery; Sue Welty, owner of the haunted house; Barbara Bunge, the caretaker.

Mrs. Ramsey said that, although it is a ghost story, it is hilariously funny. The ten girls who make up the cast are rehearsing on the MHS stage almost every night until the opening to assure a polished performance.

Malcolm Lewis is serving as production manager; Dennis Holtz, stage manager, Jane Troxel, property manager; Marilyn Miller, wardrobe; and Gail Clark, make-up.

The public is invited to attend the first Upland High School drama production presented in a theater.

JUST FOR SIZE Three Upland youths try on a Marine hat after enlisting in the Marine Corps special 120-day delayed enlistment program. Left to right: Richard M. Hyche, Craig Quillin and James E. Cyphers.

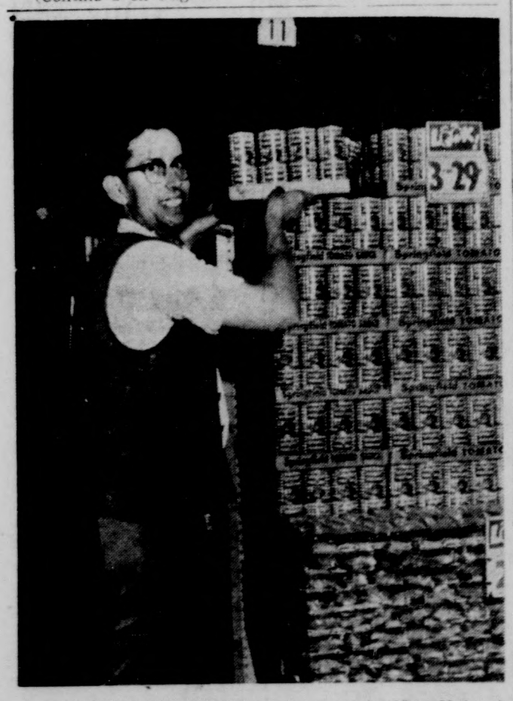

Hyche is the son of Mr. and Mrs. E. M. Hyche, 1288 Monte Verde, and is a senior at Upland High where he has been a member of the Marching Band for three years.

Quillin, son of Mr. and Mrs. E. D. Carnahan, 351 Orchard Lane, graduated from UHS in January and is employed at Burger Lane in Ontario.

Cyphers, an Upland High Senior, is the son of Mr. and Mrs. John L. Cyphers, 450 West 18th St. He is presently employed at Silverthorne's Pharmacy.

Hyche and Quillin will go 'Buddy Plan' with James Walker, a Chaffey High senior, on June 28. They will go to Boot Camp, Advanced Training and home on leave together.

Cyphers will go 'Buddy Plan' with three other Upland Youths who enlisted last month. He leaves for training July 9.

'SANDY' SANDRIDGE, manager of the New Upland Packing House Market, which will observe its Grand Opening on Thursday, completes a display in the store.

Upland Packing House Market, formerly Walker's Market, is located two blocks south of 9th St. and a block west of Grove, and features its own processing of meats 'from the hoof to the meat case' as well as a complete line of groceries, frozen foods, and daily fresh produce. The new market is a member of Certified Grocers of Los Angeles.

Sandridge, who has been in the area for 30 years, was formerly manager of Walker's and then McDaniel's Market on Foothill. For the past year he has managed Patton's Market in Orange. He still owns an Upland home and he, his wife, the former Leona Hill of Cucamonga, and their four children, will return to Upland to live within the next few weeks.

Councilman Gives Reasons For Labor Camp Opposition

(Editor's Note: The following statement was issued to the NEWS by Upland City Councilman James L. Christensen in reference to the controversy of locating a proposed citrus worker Labor Camp on Base Line, west of Benson. See also editorial page and 'The Mailbox'.)

"It has been called to my attention that the Upland City Council has come under criticism for its supposed haste in issuing a resolution against the establishment of a farm-labor camp on Baseline, West of Benson. I am sure that I cannot speak for the other members of the Council but having made the recommendation that the resolution be drafted, I would like to point out some reasons why I believe the placement of the labor camp would not be in the best interests of the people of Upland:

1. The same San Bernardino Planning Commission, now studying this proposed site, issued a population distribution analysis on Dec. 1, 1961, with the projection that Upland would be the fastest growing area in San Bernardino County. Therefore, the need for citrus workers here will diminish markedly in the next ten years.

2. While I am certain the camp would have rigid requirements, nevertheless, there is always an influx of "carpet-baggers" to the camp to make easy money from the new-found wealth of the laborers.

Although the proposed location is out of the city limits, this would still place an added burden on our police department because these "carpet baggers" represent an undesirable element to our community.

3. The location is very poor for "off work" hours. It would necessitate traveling, in most cases on foot, through many residential areas to reach our shopping center. Undoubtedly, the workers would also wish to socialize with people of their own national origin in Old Town Cucamonga.

4. The establishment of the camp at this locale would automatically preclude the possibility of any residential development. I would hasten to point out to those who might say that the camp would be located in a wash, and would not be suitable for residential development, that a great part of Upland was an area such as this a few years ago but is now a thriving part of our community.

5. The camp in this location would have an adverse affect on all property values North of Foothill and West of Euclid Avenue.

In summary, the establishment of the camp in this location would be detrimental to all aspects of our community life. However, the agricultural segment of our community is important to all of us and is in need of a ready labor force.

As a solution, I would suggest that the camp now in use, Southeast of Upland, be enlarged to accommodate the new workers rather than to build a new site. This would be more suitable for their needs and more in keeping with the best interests of Upland."

Alta Loma PTA Hears Of Library Closing Plan

Mrs. Millard Herr, President of the Alta Loma PTA, presided over the regular monthly meeting held on May 3 at the school.

Mr. Eugene Billings lead in the flag salute and Mrs. David Flecker presented the thought for the day entitled "My Book Holds Many Stories".

Mrs. Robert Schmidt, Vice President, presented the guest speaker from the fire department, Mr. Eugene Billings, who is the First Assistant Fire Chief of the Alta Loma Fire Department. Along with a film "Rescue Breathing" he talked about the Alta Loma fire district and urged everyone to be especially careful with fire now that the dry season is here once again.

He explained that the time for burning is from 6 a.m. to 11 a.m. and that no barrels are now permitted. Regulation incinerators must be used, and permits must be obtained for all open burning.

Mrs. Ray Lawyer, Alta Loma librarian, then introduced the county librarian, Miss Dorothy Traver, who spoke on the possible necessity of closing the Alta Loma library along with seven other county branch libraries.

Miss Traver pointed out that service to the public is paid for by an 8½ cent tax per $100.00 which is paid for by the people in the county who do not have city libraries of their own such as San Bernardino and Upland.

She said that it was necessary to cut $54,000.00 from the budget for employee salary increases and that the closing of the eight branches was one of the plans. She tried to choose branch libraries that were close to others.

She stated that she knew this was not a good plan because it would make it impossible for school classes to make library visits and that some children would not be able to get to a library at all and would suffer because of it.

The only other alternative for the pupils would be to reroute the Bookmobile but no plans have been made for this at the present time.

When asked what the reaction of the down town libraries would be if the people from these closed libraries went there, she replied that the trend now is not to give service to anyone outside their own library district but that Upland is very generous. The alternative would be to go to other county libraries but they might not be able to give the necessary service. The closest branches to Alta Loma would be Cucamonga, Fontana and Chino.

The combined building for the Alta Loma, Cucamonga Branch library was included in the budget but also had to be taken out.

Miss Travers was asked that if our library closed and we did not have this service would we still pay the same tax. She replied that yes we would because we could go to Cucamonga. However earlier Miss Travers had said that Cucamonga was not prepared to take on any extra service.

She stated that the Board of Supervisors agreed that the library service is very important but they realize that a tax increase is not what people want.

The average tax payer now pays $2.55 per year for the library tax. If the taxes do go to 9½ cents (which would be necessary to keep the libraries open) the rate would raise to $2.85. This is only half the cost of an average book. If a person were to read one book during the year he would get his money's worth, however there may be some who would not want to pay this. The library tax is only one tax of many.

She said that she had actually nothing concrete to offer. No decisions have yet been made.

People who would like to express their opinion should write to Mr. Manley at 1670 N. Laurel Avenue in Upland. The supervisors would like to know what feelings are on the matter. Individual letters would probably prove more effective than petitions and should be sent immediately.

After Miss Traver spoke, Mrs. Lawyer announced that she is retiring from the library and stated that she is not running from the budget contraversy. She said she was sorry to be leaving and will miss everyone and always remember them.

Mrs. Lawyer has been with the Alta Loma library since October 8, 1943. She will be here until the end of June and has received the material for the summer reading club and is getting the children lined up for it.

She stated that she was sure the library was not going to close at once because it will take some time to get it settled.

Mrs. Herr then declared the meeting closed and the Kindergarten Room Mothers served refreshments.

Rick Champion Wins Award As Paper Boy

Fifteen year old Rick Champion, son of Mr. & Mrs. Richard Champion of Upland, won the hundred dollar Jr. Champion Scholarship given by "California Paper Boy Foundation". This competition is state-wide and there are only twelve awards given in the State of California.

Rick was nominated by Progress Bulletin to represent their paper because of outstanding service as a carrier and his good grades in school. He competed with over a 1,000 boys.

More than a year ago, Rick accepted the job as paper boy for the Bulletin. At the time of his acceptance, his route consisted of 23 customers. In about a year and a half he has increased his route to 100 customers.

While explaining the system his paper used, he says, "They give a certificate every month provided you take proper care of the route. After I received six certificates they gave me a paper boy statue."

As each successive statue is awarded, it is larger, (As Rich says They Grow). It takes one and a half years to earn their largest paper boy statue.

Rick earned the large statue and at his nomination to represent the Progress Bulletin he was presented with the gold watch. This is the highest award the paper gives, and is given on outstanding service, which is based on performance, sales, delivery and collections.

When asked what his hobbies were and his plans for the future, he answered, "Well I collect rocks, bugs, coins, stamps and study Shakespeare. I also like hiking and fishing."

An Honor student Rick will attend Chaffey and one day hopes to attend Mass. Institute of Technology.

To the Editor—

Reasons why we the following property owners and/or tenants or residents, oppose the establishment of a Labor Camp in the North West Upland area:

1. We already have a large labor camp East of Upland with room for 1000 men. There are approximately 200 at this camp now. There is over 14 acres in this camp and according to Mr. Orton, the Manager, a great deal of money has been spent to bring this camp up to standard. There is room enough with plenty of room for recreation for all the men needed in this area.

2. The proposed camp of three acres would be very crowded with over two hundred men per acre. This crowding is bound to cause trouble and the men will spread out to the neighbouring parks and areas.

3. A great many of the groves are past their prime and are being pulled out in this area. Many beautiful homes are being built in this area. The area ajoining, East of Benson and Baseline is good potential Residential area, why blight it with a labor camp.

4. We feel that if San Gabriel and Orange County Growers need workers they should provide a camp for them in that district.

Church Women Observe May Fellowship Day

Two Hundred United Church Women of the Ontario Communities observed May Fellowship Day, Friday, May 4 with a breakfast at the Upland Nazarene Church.

The program was keyed to the theme, "One Family Under God: Who Is My Family?" The Reverend R.C. Anderson, pastor of the First Lutheran Church, Ontario, gave the invocation. A quintet from Plum Avenue Mission Church, Ontario, furnished the special music. Mrs. D.T. Hessel of Ontario lead the devotions. The offering was for students and migrants.

Referring to Acts 17:26 and 28, the first speaker, Dr. Owen Alderfer, gave a clear picture of who is God's family. He said that the three kinds of problems we face are religious, radical, and racist. "Our responsibility is to bring all God's children into the family of faith." he stated.

Dr. Howard Mays, the second speaker added John 4:4 to the previously stated reference. He said, "The indwelling of the Christian spirit is the answer to race prejudice."

Dr. Alderfer is a graduate of Upland College and Asbury Methodist Seminary in Kentucky. He currently is studying for the degree of Dr. of Philosophy at Claremont Graduate School.

Dr. Mays, a graduate of San Diego State College, and Eastern Baptist Seminary of Philadelphia, now is Minister of Christian Education of the Western Baptist Convention, in coöperation with the City Mission Society and the American Baptist Convention.

Meet Another UHS Teacher

Meet Ted Mann, English teacher at Upland High School. He is a native of North Carolina, who came to Upland by way of Illinois. He is easy to spot in a crowd—he is redheaded, and so are his charming wife and three children.

Ted Mann

This year he is teaching five sections of freshman English. He has 12 years of experience in the field in instruction: Buck School, Belvidene, Illinois; Lincoln Park School, Rockford, Illinois; Lincoln School in the same city, and two years at Upland High School. He has taught science, mathematics, English, and history. He also coached.

He attended Beloit College, Beloit, Wis., where he earned his A.B. degree. He also attended Garrett Biblical Institute, Rockford College, Dekalb University, and Northern Illinois University, where he received his MSE degree. His majors are literature and theology, and his post-graduate work was done in the field of literature.

Ted Mann is the meat and potatoes type, he says. He enjoys golf, fishing, old cars, and teasing. He has traveled all over the United States, Canada, and Mexico.

During his summers he has tried his hand at selling, mechanics, building, and express clerking. He likes to tinker with television sets, and enjoys creating exotic dishes in the kitchen.

His family includes Margaret Alice, his wife, and their three children, Dirk, Michael, and little Kate. They live at 1380 Tulare Way, Upland.

350 SALES!

A small 2 column by 10 inch ad placed in The Montclair Tribune issue of April 12, by Tastee Freez on Central Ave just north of San Bernardino Rd.—resulted in 350 sales of iced milk sandwiches.

This was his first "Get Acquainted" advertisement ever run in the Montclair Tribune, and now is a firm believer in regular weekly ads in the Montclair Tribune.

"I am very pleased with the results from my ad," Don Wilamenee, said.

sions were held concerning every phase of education.

"One important discussion," he said, "was about Federal Aid to Education. The majority of school boards nationwide gave a resounding 'No' and are greatly opposed to Federal Aid."

Allred also said that he is convinced that the California schools system rates with the best in the country.

Oasis Report

Trustees also heard a report on the Oasis Youth Center by Bob Beck, retiring president; Steve Brucker, house chairman; and Loren Miller, incoming president.

The young men explained that the Youth Center was intended to provide, maintain and promote recreational activities for high school age youth.

The center is currently having a membership drive and sought aid of the schools by permitting the Oasis to use the school daily bulletins for announcements.

It was explained that this would be against the policy established by the trustees, but that the Administrative Council was instructed to re-examine the policy as to the best way to handle the request.

The trustees expressed their interest and backing of the youth in the operation of the center.

Other Action

In other action, trustees approved minor curriculum changes for Chaffey and Montclair High Schools.

- approved a list of text books for the next school year.

- renewed the contracts of Assistant Superintendents Edwin Hunt and Alexander MacLeish for one year at the same salary.

- commended Administrative Assistant J. Milo Thomas for his excellent work on the district's expansion program since 1957.

Personals

Hazel and Lou Hinman, of Upland, and former Baldyites visited in the Canyon on Sunday.

Bill Craig is home for a vacation from Alta, Utah.

Latest families to succumb to the lure of the canyon are the Austins who are occupying the Alexander house on Oak Grove and the Lenn's who are in the Bonham house on Bear Drive.

We will be seeing a lot of Barbara and Harry Hanniman and their two children as they expect to spend the summer in the T. Taylor cabin on Bear Drive. Barbara is the daughter of T. and Barbara Taylor, and spent her girlhood here.

Jim Bernard and wife and children are getting settled at the Lower San Antonio Station. Jim is the new Patrolman for the station and is well-qualified to take charge at that strategic spot. We welcome him and his nice family to the canyon family.

Jim and Alyce Tennyson of Alhambra were guests of the Seays this past week-end. The friendly and lively Seays entertained the Tennysons for dinner and dancing at Ice House Lodge on Sunday evening.

The Seays expect to return to their cabin on Mt. Baldy Road in two weeks and hope to spend more time here this summer. Mr. Seay says they must get back to take care of the friends they have made among the bird and squirrel set.

First Aid Classes

The final meeting for advanced first-aiders was held Tuesday, May 1, at the Mt. Baldy School. Mr. Harvey Stone from Upland conducted the course and presented the five members of the class with their Red Cross credentials. Those who completed the instruction were Dave Gardner, Helen Silva, Bill Craig, Bob Chapman and Herb Leffler.

VOLUNTEER FIREMEN are busy preparing for their annual Steak Fry. This year it will be held on Saturday evening May 12, at the Firehall. A good steak dinner can be purchased for a donation of $2.75. The hours for the dinner are from 5:30 to 8:30 p.m. The public is invited. The food will be great and the cause is greater.

This year, more than ever, we need to get behind the men who serve us on a voluntary basis. Their services may be needed many times and they are constantly training, working over old equipment and purchasing new, in order to be ready if needed.

The Mt. Baldy Volunteer Fire Department has acquired a 'new' pumper - tanker from the Monte Vista Fire Department. This much larger engine will enable the Volunteers to serve our community better.

The engine pumps 500 gal. per minute in comparison to the 150 gal. capacity of the older and smaller model which the organization has kept in good condition. The Volunteers plan to sell model '40' to make room in the Fire Hall for the new machine.

Community Club

Community Club members met at the home of Mrs. John Stanton on Shaw Ave., Tuesday evening for a musical program by Mr. Bob Abbey, organist. Co-hostesses for the affair were Mrs. Eric Holtz, Mrs. Robert Simmons, Mrs. Fred Carter, and Mrs. Pat Piatt. Members and guests enjoyed refreshments from the new silver tea service which the club recently purchased through stamp donations of the members.

Prior to the meeting the group visited the school to view the new educational materials which the club donated to the school.

Marlys Pruitt of Mt. Baldy is to be congratulated for her election to the 2nd vice presidency in charge of membership for the newly formed Women's Auxiliary for Casa Colina Rehabilitation Center. Mrs. Pruitt has been a faithful and tireless worker and given many hours of service at the center. Her enthusiasm for this labor of love has influenced others to do their part and the membership job is well-suited to her capabilities. Anyone who has time to give would find this activity extremely rewarding.

Also serving on the initial board of the new organization is Mrs. Eugenia Corcoran of Upland and a former Mt. Baldyite. Her task is the 4th vice presidency and she will be in charge of publicity. Congratulations to you both!

SCHOOL NEWS

Principal Norman Steinaker hosted the West-End Administrators of San Bernardino County Schools this past week. The group met at the Buckhorn Lodge to discuss plans and problems involving the closing of schools for the summer and to plan for new fall projects.

Superintendents and principals from Etiwanda, Alta Loma, Guasti, Central and Cucamonga, and Mt. View school districts were present as well as consultants from the office of the County Superintendent in San Bernardino.

Chamber of Commerce

The Chamber of Commerce announced that Miss Judy Miller has been selected to represent Mt. Baldy at the Miss California-Miss Universe pageant.

Mt. Baldy Village Church

A coffee hour honoring Mr. and Mrs. James Paulin was held after the morning worship service on Sunday, May 6. Visitors and guests remained to honor the Paulins and wish them well. The Paulins who have lived here for about eight years have been very active in the building and maintaining of the church. They will be spending several months in Laguna Beach. They were presented with a religious record.

During their time here Mr. Paulin served as the librarian at our County Branch Library. The Paulins formerly lived in Upland for a number of years. Mr. Paulin was an Elementary and Jr. High school teacher there.

The Jr. High Youth Group from the Claremont First Baptist Church, spent Friday and Saturday, May 4 and 5 in retreat here, using our chapel for their worship services and using the Volunteer Firehall for sleeping accomodations. The group was directed by Mr. Bill Beamon of Pomona who is studying for the ministry at the Covina Seminary.

The Rev. Joseph Forcineeli announces his sermon topic for Sunday, May 13, to be "Profile In Prayer" based on the text from Luke 18:verses 1 through 8. The message will carry a special Mother's Day theme. Mrs. Betty Gardner will furnish the music. She will be playing the Conn organ which has been loaned to the church until the purchase of one is completed.

Canyon Improvements

San Bernardino County Road Crews are working in the upper canyon. They are paving the road from the falls junction to the Lifts parking area. This new four-lane addition will greatly help during peak traffic times.

The Southern California Edison Tree Trimming and line crews are also at work in the canyon. This greatly improves electrical service.

Old Baldy Council

Seventy-five Scouts from the Old Baldy Council participated in operation clean-up on Saturday May 5. Working under the direction of the United States Forest Service the Scouts did a fine clean-up job on the Glacier and Manker Flats Campgrounds.

After completing their work they were treated to a ride on the Mt. Baldy Ski Lifts. It is hoped that the public will notice the clean face of the camp grounds and will be less inclined to be litter-bugs. Our slogan for the summer is KEEP MT. BALDY CLEAN AND GREEN.

Along with the many duties that Ranger Derr of the Mt. Baldy Station has, is one that we in a resort area may not think about. Mr. Derr tells us that he just participated in a disease survey to discover diseases of trees in this area. We have been noting that some of the firs in the upper canyon are getting brown.

Ranger Derr says this is caused by an insect called the Fir Engraver, who works insidiously to kill the trees.

Another job that a ranger has is to conduct fire-prevention surveys. This type of work is necessary where the public has access to areas and where leases for use of land are permitted by the government. Fire hazards are noted and eliminated when possible.

Accompanying Mr. Derr on his last inspection trip were Bruce Naftel and Mike Bowe. This is educational for the youngsters and our ranger hopes other young people will take advantage of the opportunity and learn more about the dangers of fire and methods for prevention.

The no-smoking signs are up along our roads to remind motorists not to smoke while driving, hiking closure signs are posted and Ranger Derr says that today was the first notice of Extreme Fire Danger in the high country. It behooves us all to be extremely cautious in order to protect our area from fire.

This is an exceptionally valuable water-shed for the valley below and we want to keep our beautiful canyon clean and green.

GLENN M. CORNWELL, right, airman apprentice, USN, son of Mrs. Velda Lambert of 284 Grant way, Upland, is welcomed to Helicopter Training Squadron Eight, April 3, by Cmdr. W. G. Stearns, Commanding Officer, at the Ellyson Field Auxiliary Landing Field, Pensacola, Fla.

He reported to the squadron from the Naval Training Center, San Diego.

Prior to entering the service in November 1961, Cornwell attended Quachita Parish High School, Monroe, La.
